“ 1 % ELITE, TOO BIG TO JAIL ”

The 1% of American elite almost never go to jail. Jail is for the 99% rest of America.

Richard Nixon, arguably one of the biggest crooks in American history served as President of The United States. He was pardoned by President Gerald Ford shortly after he resigned in disgrace over Watergate. Some consider it the largest assault on American democracy in our nation's history. Nixon blatantly was using wiretaping and other illegal activities in an attempt to steal an election. Luckily he did not have the electronic voting Diebold machines in the 1970s. Dick Nixon and his operatives broke into psychiatrists' offices in search of blackmail information.

Remember Mr. Nixon's COINTELPRO (a program that used the CIA to spy on American citizens)? Yes Dick went free to his Whittier Presidential library mansion living the 1% high-life on

the 99%'s tax dollar. Compare Nixon to a low level 99 percenter named Jerry Williams. Jerry wrongly stole a slice of pizza in Redondo Beach California from a child. Jerry was sent to prison on a third strike for life. That's right, life in prison for a \$1 slice of pizza. "Get tough on crime."

Donald Rumsfeld most argue is a war criminal. He will never be prosecuted because President Barack Obama came into office and continued an elite protection tradition whereas the 1% are always too big and too important to jail. None of George W. Bush operatives were prosecuted or ever will be. Exception: Scotter Libby a felon who worked for Dick Cheney.

Vice President Dick Cheney illegally tortured people and boasted about it and he was never prosecuted and won't be. Col. Oliver North ran weapons to the Nicaragua Contra regime illegally behind and against the US Congress' wishes. He was never jailed. The 1% elites are just too big to jail.

Not satisfied with mocking the Occupy movement from the comfort of their right-wing corporate KFI-AM studio, John and Ken Show came to OLA yesterday to "find stupid

looking people" as one occupier described their visit. Instead the extremists were met with chants of "We are the 99%" which made the broadcast of their show difficult and was drowned out briefly. They then turned to interviews of occupiers. Both

men were surrounded by burly body guards in suits and ties. Recently John and Ken exposed on their show the name of an immigrant activist. The activist then received hundreds of hate-filled calls from their listening audience. General Motors has since pulled its advertisement from the

show in disgust of their toxic hate filled rhetoric.
